PS: Havo issues this statement in respect of Module A of Self certification of the EU framework on the marketing of products (2008/768). After a thorough assessment of raw materials, a safety assessment, technical documentation, internal production control (HAVO is a certified ISO 9001 company) and conscious periodically testing of some products at authorized labs, we issue this statement.

Test reports:

- may not always meet the actual standards as we only retest our products when legal changes are relevant,
- are only available when above mentioned criteria give reason to have certain EN 71-x tests to be performed,
- will in principle only be released to customers for special purposes forced by national laws (customs, local governmental agencies).

This CE declaration of conformity is also valid for conformity in the UK as decided by the UK government (Jan24). FSC and PCR claims are backed by external certificates, available upon request. Vegan and our own claim "98% natural ingredients" are not backed by external certificates as an external vegan certificate is preferably for food and requires an unrealistic investment.
